

Certificate

Product:

Ecoline MultiTop

Client:

SAICOS COLOUR GmbH
Carl-Zeiss-Straße 3
48336 Sassenberg

This sample, a glass plate coated by the customer with the above-mentioned hard wax oil, was tested for resistance to welding and saliva. In addition, the sample was tested for its migration behavior with metals in accordance with DIN EN 71-3, category III. (WESSLING test report CAL23-109031-2 dated 21st December 2023).

According to the type and scope of the tests carried out, the test samples examined comply with the limit values of the following standard in its currently valid version:

- DIN EN 71-3 (Kategorie III)
