

# CLEANING AND CARE OF LACQUERED WOOD SURFACES & DESIGN COVERINGS, PVC, LINOLEUM FLOORS

## Regular damp cleaning

Item Number: 8101Eco

**Wash Care Concentrate** removes normal dirt of all wipeable surfaces gently and thoroughly.

**Fields of application:**  
For all wooden and cork floors with lacquered surface as well as design coverings, PVC, laminate and linoleum floors.

### Recommended application:

-  » Dilute the concentrate with water (3 caps with approx. 5 l of water).
-  » We recommend the application with SAICOS Ecoline Maintenance Set 8108Eco.
-  » Make sure that the wiping cloth is wrung out carefully to ensure **damp** cleaning.
-  » Wipe dry if required.
-  » Please consider our current technical data sheets.

## Intensive cleaning

Item Number: Concentrate 8125Eco / Spray 8126Eco

**Ecoline Magic Cleaner Concentrate** cleans quickly and intensively all heavily soiled and worn surfaces.

**Fields of application:**  
Intensive cleaning of all lacquered surfaces as well as design coverings, laminate, PVC and linoleum.  
Easy removal of nicotine, grease and dirt films in bathroom and kitchen.

### Recommended application:

-  » Dilute the concentrate 1:10 with water (e.g. 0.5 l with 5 l of water).
-  » Put the dilution evenly onto the surface with Ecoline Maintenance Set.
-  » Do not pour onto the surface and do not leave any puddles.
-  » Allow to absorb for 5 - 20 minutes.
-  » Re-treat dried areas during this time.
-  » Remove any loosened dirt thoroughly with a damp Ecoline Maintenance-Set.
-  » Wipe 2 - 3 times with fresh water and a damp cloth. Wipe dry.
-  » Repeat the application if necessary.
-  » Please consider our current technical data sheets.

\* Also available as ready-to-use spray.

## Refreshing

Item Number: 8106Eco

**Ecoline Refresher Concentrate** maintains and regenerates lacquered surfaces.

**Fields of application:**  
Especially for Ecoline lacquered flooring made of wood and bamboo as well as design coverings, PVC- & linoleum floors. Also well suited for furniture and other interior wood (lacquered surfaces).

### Recommended application:

-  » Clean the surfaces to be treated with Ecoline Wash Care.
-  » Dilute Ecoline Refresher Concentrate 1:10 with water (e.g. 0.5 l with 5 l of water).
-  » Spread evenly onto the surface with Ecoline Maintenance Set.
-  » Allow to dry.
-  » Please consider our current technical data sheets.

## Renovation

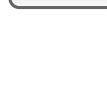

Item Number: 8152Eco Matt / 8153Eco Satin matt

**Ecoline MultiTop Lacquer Polish** for renovation and renewal of your hard-wearing lacquer surfaces.

**Fields of application:**  
Especially for Ecoline lacquered flooring made of wood and bamboo. Also well suited for furniture and other interior wood (lacquered surfaces).

### Recommended application:

-  » Shake well before use.
-  » Clean the surfaces to be treated with Ecoline Magic Cleaner. Sand with a green pad if necessary. Remove sanding dust thoroughly with a dry cloth and vacuum cleaner.
-  » Spread evenly and sufficiently onto the cleaned and dry floor with the SAICOS Telescope-Maintenance Cloth. Avoid puddles, splashes and drops.
-  » Treat larger surfaces in sections. It must not have been dried between sections. Last application should be done in direction of wood grain.
-  » Please consider our current technical data sheets.
